

Ensuring you can stay insured.

Our research shows approximately 76% of small businesses and 20% of consumers have been financially impacted by Covid-19. We have a Financial Hardship Fund of up to \$10M that could help you keep your cover in place if you are facing financial stress as a result of the pandemic.

Our Financial Hardship Fund has enabled a range of support options for eligible customers who have lost income due to Covid-19 including:

- A premium waiver for personal insurance customers to provide short term payment relief.
- Financial support for business insurance customers at renewal of the policy.
