

## Building Control – Builders' App

Save time with the new Building Inspection App!

You can now book your building inspections from your smartphone. Whether you're on site or in the office, you can get your building inspection sorted straight from your smartphone. All you need to do is download the Building Inspection App from the Apple app store or Google Play, put in some details and you're good to start booking.

Once you've requested a building inspection, we'll get back to you by text or email within 1 hour (Mon-Fri 8.00am - 4.00pm) to confirm your appointment.

We're looking at even more ways we can save you time with the Building Inspection App so we'll have a new release, with new features, out soon.

With the Building Inspection App you'll be able to spend more time building and less time filling in forms. Here's where you can download the app:
